For : AIR CONDITIONER AND OUTDOOR UNIT THEREFOR

**RESPONSE TO NOTICE OF NON RESPONSIVE AMENDMENT**

Commissioner for Patents  
U.S. Patent and Trademark Office  
Customer Service Window, Mail Stop Amendment  
Randolph Building  
401 Dulany Street  
Alexandria VA 22314

Sir:

This is in response to the Notice of Non-Responsive Amendment (Notice) mailed from the U.S. Patent and Trademark Office on October 12, 2006 which sets a one month period for response until November 13, 2006 (November 12, 2006 being a Sunday).

The Notice indicates that the Applicants have failed to indicate which of newly added claims, 11 and 12 (which were added after an election of species), are readable on the elected species, as required.

In this regard, Applicants respectfully submit that new claims 11 and 12, added in the previous Response filed on September 6, 2006, are both believed to be readable on the species of Species I (elected with Traverse in the Response filed on March 13, 2006).
